REPORT OF LOCAL CIVIL DEFENSE DIRECTOR

We, of the Local Civil Defense Unit, had our first meeting August 9, 1950. Since then we have had several meetings, but not many attended them. I imagine it is hard to make yourself believe that anything serious could happen in this so-called peace time. But our military heads have a different idea of what could happen if we are not prepared. What we have done in the past, and what we are doing now has not cost us much in actual cash, only a lot of time and effort. I do not think any of us begrudge any of that either.

We are not only preparing from the military point of view, but also for any disaster that may come to our area. We have as you all know an excellent Fire Department to take care of any emergency in that line. We also have a very good First Aid Unit who could give a good account of itself if the need ever be. I would like to organize an Auxiliary Police Unit in the near future if possible.

The Ground Observer Corp took over the Obervation Post on Slacks Hill, November 4, 1950. Since that date up to July 14, 1952 they have answered ten alerts of from two to thirty-three hours of duration. On July 14, 1952 the United States Air Force decided it was advisable to operate on a twenty-four hour basis. The Obervation Post has been operating twenty-four hours a day since that date, and I hope it continues to do the same good job as long as the need be.

It has been made possible through the untiring effort of the Chief Observer Mrs. Iola Tenney, and the splendid cooperation of all the observers who have unselfishly given their time and effort to such a worthwhile project. I want to thank everyone for all they have done.

Respectfully submitted,

ANNUAL REPORT OF THE WEARE VOLUNTEER FIRE DEPARTMENT

Thirty-one alarms were answered by the department during 1952 as follows: Nine fires involving buildings or contents, 16 chimney fires, 5 brush or grass fires and 1 car fire.

Again we have had an increase in the number of building fires over the previous year but losses were much less than in 1951. The causes of these fires are interesting, namely; lightning, gasoline engine, smoking, children playing with matches, electric wiring, oil heater, defective chimney. Most of these fires could have been prevented by observing the following simple rules. Don't overload electric circuits or put pennies in fuse box. Have your oil burning equipment installed and regularly serviced by a competent serviceman. Have faulty chimneys repaired or rebuilt and keep stove pipes clean and in good conditions. Teach children the dangers of fire and to respect it.

Grass and brush fires were held to small size by prompt reporting and quick action. Most of them were started by carelessness or from burning grass or rubbish without a permit. Anyone burning in the open is liable for all costs of extinguishment and any damage done by a fire that gets away. Don't take chances. Get a permit, have sufficient help to control your fire and put it completely out before leaving it.

The value of carrying water in tank trucks was demonstrated many times during the past year. Our tank truck was definitely responsible for the saving of several buildings.

The Weare Department held 12 monthly meetings and several drills during the year. Drills are very important, not only to train our new men who are constantly coming into the Department, but to keep all the members familiar with the equipment and its use.

New equipment purchased and put into service during 1952 includes: Two new type primers for the front end pumps on South and East Weare trucks, 2 large sirens for these same trucks, a portable electric flood lighting outfit which makes night work on fires much more safe and efficient.

The Resuscitator, which was purchased with funds raised through drives and donations, is kept ready to be dispatched whenever required. Fortunately, we have not had to use it during the year. Classes were held and several persons trained in its operation.

An important accomplishment during 1952 has been the building of the new Fire Station at South Weare The lumber for it was cut, yarded out, taken to be sawed, stuck up, dried and planed by members of the Department. A very fine site for it was given by Arthur Bailey. Members of the Department cleared the site of trees, burned the brush, and carted in gravel for the foundation to be poured on. The Redimix Cement Co., of Manchester, through the efforts of one of our firemen, very generously contributed the cement for the foundation and floor. I wish, for the Department, to thank all those who assisted in the building of this Station. It fills a real need and requires only a chimney, insulation of the interior, and painting, to make it a very practical and useful station which can be heated, and the equipment housed there, properly taken care of.

The Department started a series of fund-raising activities to get uniforms for those members who attend conventions, fire schools, firemen's entertainments, and so that the Department could take a more active part in parades and other civic functions. At the end of 1952, 11 men are being outfitted.

As of 1953 the Department has only one truck less than 20 years of age. The trucks of 1928-1930 vintage should be replaced. The brakes and lights cannot compete with modern vehicles and it is not safe to have men risking their lives in them. Parts for these old trucks can only be obtained from junked vehicles, if at all. The Department and Fire Wards both strongly advocate the replacement of any of these old trucks with a new truck similar to our tanker No. 4, but with a 500 gallon tank, the additional space and capacity being fitted for hose ladders and other equipment. The equipment at present on the old truck could all be transferred and pump, siren, suction hose, discharge hose, booster line, ladders, tools, lights, etc., would be adequate to equip it.

The meeting room at the Central Station was used as the 5th grade classroom from the beginning of school until the Christmas vacation pending completion of the new Grammar School.

The Ladies' Auxiliary to the Weare Fire Department is active and of great assistance to the Fire Department. It has served several meals to the members of the Department during and after fires.

The Department appreciates the cooperation received from the townspeople and urges everyone to take all possible measures to prevent the loss of life and property from fire.

Respectfully submitted,

Article 14. On motion of George Sawyer it was unanimously voted to sell the Clinton Grove Schoolhouse to Harold V. Flanders for $1.00 and to preserve it as a museum to be known as the Weare Historical Society. Mr. Flanders will keep the building in repair and will set up a trust fund to continue same in future years. Rev. E. W. McGlenen read a history of the Clinton Grove Academy. On motion of Charles Eastman it was voted to postpone action on North Weare, South Weare, and Riverdale until next year.

Article 15. It was moved by Hardy Legge and seconded by Wendall Colburn that the article be dismissed. There was much discussion and Hardy Legge offered to withdraw his motion. Wendell Colburn refused to withdraw and the motion carried.

Article 16. It was moved by Ernest Leeds that the article be adopted. After much discussion, Mr. Leeds withdrew his motion. It was then moved by Charles Eastman that the article be dismissed. The motion carried.

Article 17. Rev. Edward McGlenen asked all townspeople to look in their attics for old school records. Charles Eastman suggested that the finance committee be rotated, appointing four members each year. Rev. Edward McGlenen suggested that the twelve members should be reappointed as of this year, four members for one year, four members for two years, four members for three years, no member to succeed himself. Hardy Legge then moved to accept Mr. McGlenen's plan and the motion carried. It was moved by Eunice Marshall that the district be authorized to accept George Johnson's offer of land for use as a playground for the East Weare School. The motion carried.

There being no further business, it was moved to adjourn. The meeting adjourned.

A true copy of record.

Attest: ELSIE PURINGTON,
Clerk of the School District.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Weare:

I hereby submit my annual report as superintendent of the schools of Weare.

Teaching Staff

The opening of the present school year saw several changes in our teaching staff from that of the prior school year. Mrs. Elizabeth P. Straw asked to be released from her teaching duties and was replaced in Grade 6 at the Center by Mr. Spiro Anastos of Concord, a graduate of the University of New Hampshire. Mr. Anastos was designated as principal of all elementary grades in anticipation of the centralizing of most of our elementary pupils in the new Central School.

Two other elementary teachers did not desire to return,—Mrs. Frances Gaffney and Mrs. Louise Parker, both of whom taught at East Weare last year. Mrs. Evelyn Merrill of South Weare was secured to teach the one room now in operation at East Weare, Grades 1-3.

The remaining elementary teachers,—Mrs. Reita Davis, Mrs. Doris Morse and Mrs. Esther Hight all returned for 1952-53. In addition Mrs. Mary Rosewater of Pittsfield, a graduate of the University of New Hampshire, was assigned to Grade 4 at the Center.

The high school staff had two changes and one addition. Mr. Earle Gavett, a graduate of the University of Maine, was employed as teacher of Vocational Agriculture to replace Mr. Clair Paine, who resigned to enter the armed forces. Miss Beverly Proctor, teacher of Home Economics, resigned to accept a position in New Jersey, and her place was taken by Miss Elizabeth Raymond, a graduate of Keene Teachers College, and a resident of Keene. Mr. Francis Sorger, Keene 1952, was employed as an additional teacher in the High School, such additional teacher being needed to handle the ever increasing high school enrollment in both junior and senior high groups.

Enrollments

May I call your attention to the table of enrollment figures included elsewhere in the reports of the School District. You will note that in the past five years our senior high school enrollment (grades 9-12) has increased 21.6%, our junior high 62.5%, and our total elementary enrollment (Grades 1-6) 40.4%.—an increase of 39.3% for all grades in our several schools.

I should also like to call your attention to the anticipated enrollments for the next four years. You will note that, although there is but little anticipated increase in Grades 1-6, the enrollment of the junior and senior high school steadily increases during the next several years. This increase in grades 7-12 will undoubtedly necessitate our leaving the seventh grade in the new Central School within the next few years. In the fall of 1954 we may expect 137 pupils in grades 7-12 in contrast with 114 at the present time. For all practical purposes the number of pupils who can be effectively cared for in the high school building should not exceed the present figures.

New Central School

At this writing our new Central School is practically completed, and all pupils of the town with the exception of East Weare (Grades 1-3) are housed in the new unit or in the old Center School. Four units are in operation at the Central School. Three "regular" classrooms and the kitchen are completed and in use, as is a smaller room originally intended for other purposes. Two additional rooms are "in the rough" as provided in the action of the last school district meeting.

You will find elsewhere a financial report on the building program. As of December 31, 1952 we had expended $41,924.41 of the $47,000 provided by the last school meeting. However, as of December 31 there were several accounts outstanding which would indicate a $1,500 deficit on the building project.

The problem of providing desks for the pupils in the new school presented a problem. To skid the old desks and chairs would necessitate a considerable expenditure for labor and materials. It was the feeling of the School Board that we should purchase desk-chair units from the School District of Derry, which units they were replacing in order to have uniform seats throughout their new school building. The

amount paid for some 155 units was $1,950 or an average cost of $12.60 per unit over against $28.00 for new furniture.

Most of the above mentioned units were placed in the new Central School, some 20 were used to replace outmoded units in the Center School, and also to provide added seats for the additional pupils in that building.

The 1953-54 Budget

Elsewhere in the School Report you will find the proposed budget for the school year 1953-54. Unfortunately, but necessarily, the total appropriation of $65,887.99 is some $4,200 over that of 1952-53. This increase is mainly due to (1) an additional teacher on the elementary level, together with slight increases on teachers' salaries, (2) increased insurance both on existing buildings (as voted in 1952) plus insurance on the new Central School, (3) redistribution on the salary of the school nurse between the four employing districts, and (4) an increase in the transportation item to raise it to the actual expenditure for 52-53.

1953-54 Warrant

In addition to the budget items, your 53-54 Warrant includes several additional items for your consideration.

1. Sale of Unused School Houses: The Philbrick-Clement Post No. 65, American Legion is interested in securing the North Weare School, and interest has also been shown by individuals in purchasing the South Weare and Riverdale Schools.
2. Completion of the Central School: Our anticipated enrollment figures for 53-54 warrant the completion of the two unfinished rooms in the new school. It has been estimated by several persons that the completion of these rooms can be done for $6,000.00.
3. Deficiency Appropriation: The anticipated income and expenses for the current school year show a probable deficit of $3,000. This deficit is mainly due to—
    a. Over-run on the new Central School.
    b. New pupil desk-chair units.
    c. Insurance on the new school.

The total of the above, minus unexpended balances on other items, will leave a deficit of approximately $3,000 on the present school budget.

State Equalization Aid

These are difficult times, not only for the school district of Weare, but for all districts in the state. We all are experiencing an increasing number of pupils in our elementary schools, and we will soon feel this pressure on our high schools. We are faced with increasing operational costs on every hand, — for additional classrooms, teachers, supplies, and equipment.

For the most part the district income from sources other than taxation has not kept pace with the needs of our schools. Our income from Federal funds for agriculture and home economics is practically the same as it was ten years ago. State Aid during the present biennium is greater in total dollars than it was ten years ago, but it is not now meeting that proportionate part of the educational costs of our elementary schools which it did some years ago.

When the legislature created State Aid in 1919, some $400,000 was appropriated annually. The figure remained unchanged until 1947 when it was increased to $2,000,000, at which time Weare's share was $12,000. In 1949 the total was reduced to $400,000, and in 1951 increased to $600,000.

In brief, we are now receiving but 50% more on a statewide basis than we were when the aid was first established, but the number of pupils and costs of education have increased tremendously. If we are to provide our young people with that type of an education which they definitely deserve, it is mandatory that the state increase state aid to an amount commensurate with our needs. The State of New Hampshire now has the dubious honor of being 47th in the country in the amount of its aid to local districts.

Whether or not one believes in the principle that education is a function of the state, and that the state should share in the cost of such education, nevertheless, the cold fact remains that unless the state does contribute sufficient funds, the entire load will continue to rest on the landowner.

In Conclusion

The people of Weare can well be proud of their new elementary building. The road was long and rough. Your building committee and your school board spent many hours in planning the project. Undoubtedly, as is often the case in such an undertaking, you may wish that certain details had been handled differently. However, when one considers the costs of other school building projects, one realizes that

Weare has provided a building of which they can be justly proud, and that it has been built at a reasonable over-all cost.

In closing may I express my appreciation and the appreciation of the School Board, for the time, thought, and effort which was given by so many of our citizens in carrying through this project.

Respectfully submitted,

LEWIS F. FOOTE,
Superintendent of Schools.

SCHOOL HEALTH REPORT
1951-52

At the beginning of the school year September, 1951, 101 pupils were examined by Dr. Snay of Goffstown. These included the sixth grade through high school. Those in the lower grades were inspected by the school nurse. The following defects were found:

Diseased tonsils	8
Glands	1
Systolic murmur	1
Needing dental care	110
Number corrected	3
Number corrected	1
Number corrected	0
Number corrected	65

All pupils were given a vision test and 265 had the hearing test.

Defective vision	8
Defective hearing	6
Number corrected	7
Under treatment	2
Corrected	1

Fifty-two pupils had chest X-Rays at the Mobile Unit which was stationed in Goffstown.

Twenty-five pupils were given the patch test and all were negative.

One pupil attended the Mental Hygiene clinic in Manchester.

One pupil was referred to Dr. Jones of Manchester for orthopedic condition. One child was taken to the Pediatric clinic in Concord.

From September, 1951 until June, 1952:

Chicken pox	22
Measles	70
German measles	4
Ringworm	2

Registration day was held June 13th for all children who were to enter school in September. These children were weighed, measured, given a vision and hearing test. If the mother wished to have her child receive a physical examination, vaccination, or booster shots, she could do so at this time.

Number of home visits made were 40.

At the present time we have Miss Goodnough, State Dental Hygienist with us. She is cleaning and applying four applications of flourine to all children in grades one through six.

Respectfully submitted,

BEATRICE BOCKUS,
Registered Nurse.
